### Minuets of the Board of Health Meeting Town Hall Southboro April 2, 1940

Meeting was called to order at 8:15 P.M. by chairman James Telfer, with all members present. This being the annual meeting to re-elect officers for the ensueing year, Dr. Hugh Folsom was elected Chairman with Burton B. Derby as Clerk.

Report was read from the Middlesex County Health Sanitariom at Waltham, regarding the discharge of James O'Donald to Southville Rd. Southville.

Licencing of Gabbage collector question arose and was discussed, Matter was laid on the table until Dr. Folsom had an oppertunity to find out how the situation was being handled in suronding towns, at present Mr. Bertonazzi of Southboro and Mr Votus of Marlboro are collecting.

III Inspector of Slaughtering question arose, was laid on the table until Chairman was able to find out wheather or not the Inspector was able to charge a fee of the

individual who meat he went to inspect.

IV James Telfer reported an anonimous call by a party complaining about the sanitary condition at the rear of Baldini's Market in Fayville. No action will be taken because of lack of a signed statement by the complainent.

V Decided that we should draw up a set of By-Laws which shall be presented before the town at the next town meeting for the Towns adoption, as we cannot take any formal action on Health matters without the towns acceptance of the same. Ex The Chairman stated he would obtain a copy of Framingham's Health By-Laws as a quide. It was voted to write the Dept. of Public Health for a VI copy of State Laws pretaining to Public Health.

copy of State Laws pretaining to Public Health.

Question arose as to what we should do about Rabbies treatments which the state wishes us to give our Town's Dogs. Decided that the Chairman should get in tuch with Mr. Moxin of the Framingham Health Dept. and get his reaction on the treatments wihth Framingham has given

in the past.

VII

Discussed date on which to hold a regular monthly meeting was decided that the Board shuld convene on the third

Tuesday of each month.

VIII Question was asked if all milk dealers selling more than 20 quarts of Milk in town were now Licenced. Roberts Sealeys name came up but no one knew how he disposed of his milk or how much he made. Statement was made that the Law stated the all Barns shall be inspected before a licence to sell milk is granted.

Rubbish collection question arose, Statement was made that rubbish is again commencing to appear on the sides of the roads about town and in the vacant lot next to the residence of Peter Aspersi on the Turnpike in Fayville, which seams to indicate that it is again kin time to have a rubbish collection and the clerk was instructed to write the Board of Selectman to see if they would sanction another collection before the Road commissioner got to busy on spring repairs.

X James Telfer informed the Board of a situation which exists at the residence of a family by the name of Fimn on Brigham St. West end of Town, In which dead animals were allowed to lie about the property. Was stated the inspector of animals (Onthank) should be

informed of the situation.

XI James Telfer informed the Board that the McCloud property on White Bagely Road which was fumigated by the board during the summer of '39 was taken over by a Mr. Broderick who promiced to either tear down and rebuild or throughly clean.

Meeting closed at 9:45 P.M.

Burton B. Duty

April 3 Sent letter to Selectmen requesting they sponcer a second rubbish collection.

Sent health officer list to Dept. of Public Health in Boston.

april of Reported Finn's of Brughon st " to Mm Onthonk.

We stated it was entirely out of his Jurisdiction become their was no disease and the only person who could do ony thing about it would be the M. S. P. C. A.

April of Received from Mr Maxin throw Dr. Falson a

Copy of Frominghous Board of Health by-lows.

Copy of Frominghous Bo

- May 31 Received from former clerk Dr. Hugh Folsom our former clerk all records etc. except the records of buriel agent which was decided by the board to leave in the hands of James Telfer who has had them for a number of years he being more centraly located and the undertakers haveing been used to going to his house for assistance etc. Dr. Folsom is keeping in his care all records pretaining to contagious diseases he being the more logical member to care for them.
- June 3 Wrote the Dept. of Public Health in Boston requesting they send us their latest copy of State laws pretaining to Public Health.

  Sent to Dept of Public Health the Name of Irving Bruette Oak Hill Rd. Fayville as a Nominee for the position of inspector of Slaughtering.

  Mailed out Pink Card applications to all Dairymen which were listed last year and to one additional dairy (Hillcrest Farm, Framingham)

  Mailed to Hillside Dairy Marlboro Mass A Milk Dealers Permit & A licence to sell Milk and Cream their 50¢ received.
- June 6 Received blanks from Dr. Folsom to be filled out reporting the number of animals Slaughtered in the Town for the months of April and May. Filled out and sent to State Dept.
  - June 10 Collected Fee's of 50¢ each from six of the Town merchants who handled Milk or Cream. Town is to this date throughly covered in this respect.

Jene 17 Weste Town clark advising him of our list of officers and the date of our regular meeting at the Town Half

June 18 A REGULAR MEETING of the Board was held with Chairman Dr. Hugh Folsom and Clerk Burton Derby present, Burton Derby reported a case of Scarlet fever in his household as of this date, As the board had no Placards it was decided we should write the State Department for a Supply.

The question of inspections of Hair Dressing establishments arose and as Mrs. A. G. Young is the only Hair Dresser in town and the fact the she is out of town for the summer it was decided that the matter be laid on the table until her return in the fall. It was further decided to not have regular meetings of the board untill Sept. due to vacations etc.

Meeting closed at 8:45

Barton B Derby

June 23

Wrote the Dept. of Health in Boston for a supply of Scarlet fever placards also for two copys of the laws pretaining to Hair dressing Parlors and for information as to where we are to get Certificate of Inspection Blanks.

October 15, After a three month summer interval a regular meeting was held in the selectmens rooms at the Town Hall. All three members of the board being

Milk Control board letter

Mr. Telfer passed in a letter from the State Milk controll board which was placed on file by the clerk. Letter was in regards to MMilk Market Production Zones.

Lic. of Hair Dressing Parlors

The question obout the Licencing of Hair dressing Parlors was again discussed and the clerk was instructed to look in our files for any data relative thereto and to report same at the next meeting. A verbal report in regards to our last semi annual Rubbish collection was given to Mr. Telfer by Mr. Toombs in which he stated he thought it advisable at our next collection to issue the flyers on the Friday or Saturday just previous to Tuesday or Wedon which the rubbish collection is to be started. This he feels will give the citizens more time in which to gather the rubbish leavs etc, togeather. Also in the opinion of Mr. Toombs this collection can be made in two days rather than have it spread over a weeks time. Hereto fore the trucks have been covering

Report on Semi annual Rubbish

Collectionstreets two and three times when if the citizens are educated to the fact one trip will be all that is necessary.

Artical for Town Report

The Clerk asked for any items which should enter our annual town report and read over a partial list he had made up. Dr. Folsom stated that an article to the effect that this board is cooperating with the State Board by sponcering a Cancer Control Program.

The question arose about the issuance of a licence to Lic. of Worc. the Worcester rendering Co. permiting them to pick up Rendering Co.animal waste. No definate desition was made.

Garbage question

Mr. Telfer spoke about the ever present garbage situation aound town. More and more people are requesting a garbage pick up ar some suitable provision made in order that they (the citizens) may be able to dispose of their garbage. The board while being in sympathy are unable to do anything at the present time. A Mr. Lapaier is complaining bitterly about this situation and Mr. Telfer has suggested that Mr. Lapaier get out a paper having it signed by as many as possible and presenting it to the Selectmen thereby getting it before the voters at a town meeting. Garbage Cont. Jan meeting Dr. Folsom suggested that we might take this matter up for our own presentation to the town at our January meeting.

Drain on Southville

Mr. Telfer soke about a drain recently installed on Southville road west for the purpose of draining the surface water from the Henry Collins residence. It seams that when the drain was installed the Collins family were given the privilage of dumping wash water in this drain and now Mr. Toombs complains that there is a smell of Sewrage there and the oder is extremly strong. The Board feels that is as much as Mr. Toombs gave this family permission to dump this waste water he is the one that controll the condition unless it gets out of hand.

Mannings Cespool x

The condition of the Manning Cespool on Woodland Road was again reported and the question was asked wheather it had been remedied. The boards clerk reported that Mr. Manning told him the situation had been remidied in July.

By. Laws
Jan meeting

It was suggested that at our next meeting Dr. Folsom bring his copy of Framinghams Health By. Laws and that we in turn whith these as a quide work toward the drawing up a set of our own for presentation to the Towns people at the next regular town meeting for their adoption.

Draper Dog Bite

Mr. Telfer spoke about the draper Dog Bite case and asked if the board had received a bill for Dr's. care of Mrs Edward Draper. We have to this date had no report of the case and have received no bill.

elerk

New. 20 A monthly meeting was held at 5 P.M. this evening due the Board's clerk working nights and having to leave for work at 6:45. Dr. H. Folsom & Burton Derby Clerk were present. Minuets of the last meeting were read and accepted. 3.B. Cases During the last month the State Board got in tuch with us in regards to old T. B. Cases that were still on their files and requesting that we verify the addresses as they were given years ago. This list was gone over and checked as nearly possible at this meeting. Voted to type Icences for 1940&41 and send them to the Worc. Rendering Worcester Rendering Co. of Auburn and request them to Co. remit the fees of 2.00. It was felt that this company in the past has alway been reliable. Question on one phase of the yearly health estimate arose. Dr. Folsom felt that a very important item to have in the estimate this year is money for a Dyptheria Clinic. He also think that he can get a man to do this work for \$10.00 a session. Hair Voted to type a licence for Hair dressing Parlors and Dressing Parlors tell Mrs Young that under the State Laws we the Board of Health of Southboro are supposed to Licence and inspect Hair Dressing Parlors during the year. Fee is to be 50¢ Meeting closed at 5:45.

Buton B. Derby

Clerk

Dec 20 1940

A Short meeting of the board was held in the accesses books of the Foun half this evening with the chairmon of Clerk present the only of tems discussed were the though that me would ask for an approprietor of the impactor slaughtering, due to the fact that we have such a had time gitting some me to agree to take this passition. To falsom agreed to write a little to the advisory board in explanation of this request Meeting closed at 8.43

B. B Derby

Feburary 10, Ameeting of this board was called for the purpose of planning out the articles which are to enter the town warrant. Dr. Folsom chairman, Burton Derby clerk and James F. Telfer were present.

By-Laws

A copy of Framingham's health by-laws were read over, discussed pro and con and, the larger part, it was decided, we would have mimeographed (if possible by the High School) into a phamplet for distribution to the towns people at the door of the Town Hall

the night of the annual March meeting.

The question of wheather the high school could do this or not arose and it was decided the we would contact Mr. Woodard the principle who was attending a meeting in an ajoining room. This was done and his reaction was that he would be glad to have this work done as a school project but, due to the quantity of phamplets wanted (which are about 600 consisting of approxmitatly 15 pages each)he felt it necessary that we contact Mr. Eaton the Chairman of the school committe and first get his permission. Dr. Folsom agreed to see Mr. Eaton in an endeavor to get the desired permission.

Articles for Town Warrant

The Articles which thes board are sponcering for the Town Warrent in March were formulated in order that they may be in the hands of the selectmen by Tuesday evening Feburary 11th and are as follows:

To see if the Town will vote to accept a set of proposed by-laws which have been drawn up by the Board of Health. Or do or Act thereon.

Proposed by the Board of Health

To see if the Town will approprieate the sum of \$10 annuly to cover the salery of the Inspector of Slaughtering; This office being required by the acts of Chapter 94 section 126 of the Massachusetts Department of Public Health Laws. Or do or act thereon.

Proposed by the Board of Health.

Health Dept. Annual

Various subjects which are to enter this Boards annual report to the town were discussed and the list of subjects to be tuched upon are as follows: Report Cancer Control Clinic, Dyptheria Clinic, Well Child Clinic, Tuberculosis Clinic, Rubbish Clean up weeks, Water supplies tested, Dog Bites, Contageious deseases, the number of Milk licences, Store, Pedelers, Producers, Dealers & Pasteurization. Licence to pick up Bones and Fats, Licences to sell Methyl Alcohol, and Licence to sell Oleomargarine.

Metting closed at 10:30 Buton B. Derl

April 15, A regular meeting of this board was held in the Selmens room of the Town house with Chairman Dr. Folsom and Clark Burton Derby present. As Mr. Telfer was unable to be present we were unable to act upon the proposed set of By-Laws or to elect the board's officers for the comeing year, the pur-

for which this meeting was called. The advisability of calling a special meeting in order that we may adopt the above stated by-laws was discussed and it was decided to get in tuch with Mr. Telfer and

get his reaction on the matter.

Dr. Folsom reported that the Dental Clinic for the Schools Chrildren which has in previous years been sponcered by the welfare board could not be done this year as it was found to be against the State's laws governing welfare boards. However Mrs. Brinley and Mrs Burnett have seen to it that money will be available for the purpose and, only await the permission of this board to proceed with the Clinic. Permission was granted Upon a recent suggestion of Mr. Telfers it was voted that this board would hire a Post Office Box in the Southboro Post Office, into which, all members of the Post Office board would have access. Dr. Folsom was appointed to take care of the hireing of the same.

Nomination papers of Mr. Sereno Johnson of Northboro Rd. Southboro for the Inspector of Slaughtering for the comeing year were signed to be sent to the State Board. Mr Johnson has made the request that we get him Slaughtering a Vegatable Compund Stamp Pad and his former inspection

stamp which goes with this position.

Complaint of Mr. Aldo Cibelli of Newton St. this town,

and action taken there-on was read and filed. Discussed an amount which would be suitable to pay the

Southville Troop of Boy Scouts for their work in disclean up day tributing the Towns Clean up day phamplets. After some discussion it was decided to have Richard (Bud) Harwood send a bill to the town in the amount of \$7.00. In the foregoing minuetts the majority of the discussion has been written intforhfuture reference. Dr. Folsom asked if any aggitation had been herd about the hireing of a 1/2 time District Nurse. He stated that he had been approached by the state in this matter and they claim that our community is one of the few in the stat not having this service. The cost to the town was discussed and Dr. Folsom felt it would be between Six and Eight Hundred Dollars per year but from this he felt such a nurse could turn a revenue to this board of between Three and Four Hundred Dollars from paid visits she had made. he also stated that fairly often out of town Doctors call him in askance as to wheather such a service is available as they have a patient in this town where such a nurses services are desired. It was stated that there would be a certain amount of income from the Metropolitan and the John Hancock Life Insurance Companies if such a service were availible here. Findings were that a fair percentage of a

Elading were thet a fell new grathals .ere

District Nurse Notes Cont.

Nurses duties would be the careing for the mothers who were sick in families who were on the Welfare Rolls and, that guite often cases have been sent to a Hospital which could have been cared for at home had we a distric nurse. It was then asked if possibily the welfare board could in some way transfer a portion of their hospitilization saveings to help defray the expence of this program.

The State in talking to our Chairman claimed that in the majority of small communities the position of School Nurse and District Nurse were combined, they felt this a good way to do because, often a times a school nurse would going to a home on a school matter and find there a District nurses case that should have attention and thus saveing two nurses trips to the home involved. However the board was not in entire agreeance on this matter. The possibility of tying in with one of our surounding towns was suggested however the entire matter was laid on the table partialy, due to lack of funds in our approprelation and until we can gather further infomation on the matter.

Date of Regular Meetings Voted that the third Tuesday of each month with the exception of July and August would be the regular

meeting night of this board.

The reason that the agreement between the Deerfoot Farms Co. and the Town of Southboro in regards to Agreement with D.F.Co. the use of their dump not being signed was discussed and it was voted to write the Board of Selectmen for use urgeing them to sign said agreement at an early of Dump. date also to complain about the deplorable condition that the dump has been in for the last few

Well Child Clinic

Milk

Dealers

A well child Clinic is being sponcered by the Southboro womans club as was done last year and will be held in the community house from April 29 to May 2.

A letter from the Stat Board was read in regards to forms they have which are available which give the towns more detailed infomation inregards to what Questionairekind and how much milk different dealers are pedaling. These forms are to be sent out prior to the issuance of milk licences. No formal action was

taken in this matter.

Burton B. Derby

A special meeting of this board was held on Thursday, May 1,41 May 1st for the purpose of acting upon the adoption of the set of proposed by-laws. Action was taken and said by-laws were adopted. They have been paterned after the Town of Framingham's by-laws and it is felt By-Laws that they are as flexible as can be expected. After a few changes were made Dr. Folsom agreed to have two copies typewritten, one of which is to be given to Mrs Burke, our town council for any possible suggesti tion she might have to affer. The clerk called the Town Council on the phone in regards to the claim the Town of Framingham has against this town foe medical care of a former resident of Cordaville's Son's child. It was learned that all data Fram. Health has been collected and will be sent this board shortly. claim I t was learned while conversing with the Town Council that, in order for any town department to get an opinion on any matter said dept. must first get permission To get from the board of selectmen. Mr. Spurr the chairman opinion was called and permission was granted both for the from fown Hutchinson case and for our by-laws with the under Council standing that a letter of confirmation was to follow. Mr Telfer presented a copy of a letter head which was suggested by the printer. This was rejected and final Stationary desition was upon our original heading minus the board member's names which usualy apeared upon the upper right hand corner. Voted to request from the state a supply of applications Milk for licence to sell milk, blanks which they offered Lic. App. us in their letter of April 7th. Question arose as to wheather this board must publish Pub. of in the news papers a copy of our Health By-laws. It was learned from Mr. Moxon, Health agent in Framingham Health By-Laws that, it is necessary to publish a complete copy in a local news paper once. At this meeting Mr. S.W. Johnson was officialy appointed Insp. of Slaughteringas Inspector of Slaughtering of the town for the comeing year. Mr. Telfer reported a compliant from Mr. Kalaham the printer whoes shop is in the Sealey block that there Complaint onare no toilet facilities there. Voted to write Mr. Sealy Block Wm. Sealey of Marlboro, who is in charge of this property and advise him this condition must be Toilets. remedied in two weeks. Voted that if an outside privy was constructed the Vault must be made of Concrete in order not to conflict with the Metropolitan water works specifications.

- May 4, The Board was informed by Chairman of the Selectmen Mr. Chas Newton that the semi-annual rubbish collection would start Tuesday May 7th and continue thro the rest of the week. Due to the shortness of time allowed to notify the town's people Dr. Folsom called the school's and had the Principles announce it in order that the children might take word to their homes.
- May 21, A REGULAR MEETING of the board was held, opening at 8:05P.M. with the Chairman Dr. Folsom and Burton Derby clerk present. It was decided that we shall ask for an extra \$50.00 in our annual appropriation for 1941 which \$50. shall be used to sponeer an annual pre-school dyptheria clinic.
  - The final action on the agreement of the care of the Deerfoot dump on Parkerville Road has to this date not been taken
    care of by the Selectmen. Mr Karl Sayles, Supt. of the Farm
    has informed the chairman of our board that he is writing
    the board of Selectmen a letter stateing the agreement as
    it is understood by him, with the understandind that unless
    there is an objection said letter will surfice as an official agreement.
  - The question of inspector of slaughtering again arose and the clerk agreed to see Mr. Irving Bruette of Oak Hill Rd. Fayville. If he has the qualifications necessary, see if he would accept this position gratis this year and we in of turn will try and and make provision in our 1941 budget Slaughteringfor a small yearly Salery. The Board feels it is almost mandatory that we make this provision due to the hard time
    - we have had yearly in getting a man to accept thes position.

      IV The question of Rabies treatment for the town's dogs again arose and the chairman found in his questioning about Franinghams Dog Clinic that said clinic is given to the town's people free of charge, but, we would because of lack of
      - inghams Dog Clinic that said clinic is given to the town's people free of charge, but, we would because of lack of money for such treatments have to make a charge and the board feels that the latge majority would not spend the 50 or 75¢ to have their dogs inoculated. Decided to lay the matter on the table in hopes that another year we would be able to include a sum of money in our budget for this purpose.
      - V Discussed the set of the Town of Framinghams Health By-Laws a copy of which was obtained by our chairman, said copy was to be passed to James Telfer for his observation. The suggestion was made that in as much as framinghams Communicable Disease by-laws are as elastic as could be expected we, may try and adopt these as our own. Meeting closed at 9:00 P.M.

No meeting were held between May 20 and Sept16,41

Sept. 16,41

A reguler meeting of this board was held with all members present on this date, comeing to order at 8:30 0.;. Mr. C. W. Parmenter of Hopkinton was called on the phone in an effort to find out approximately how maney Cesspools he empties in this town during the course of the year. The average was found to be 55. This figure is to be used by Mr. Telfer whom this board has appointed as a committee of one to approach Mr. Brigham of the Marlborough Sewer and Water commission in an endeavor to get permission for Mr. Parmenter to dispose of this town's sewerage in the Marlboro sewerage system for a nominal charge. At the present time this sewerage is being disposed of (in part at least) in the section between Deerfoot Dairy and St. Marks School. This no boubt has caused some of the oder which has been arising from the vareious stench holes which have been located in said section. and which this board has been endeavoring to rid the community of.

of Cesspool sewerage.

Handling

Stench holes in St. Mark & Deerfoot Dairy Scet. Dr. Folsom reported that the St. Marks School's so called filter bed, had been done away with also that the loam & gravel from the excavation of their new settling tank which has been installed by them this summer was hauled to the now unused town dump located near their barn's & that now this no foul oders could arise from this sourse. He also said that the Deerfoot Farms Co. was now hauling all of their skim milk surplus to the Marlborough Sewerage system and that their dump had also been filled in ar covered with loam. It was learned that (according to a State Health official) it may not be until spring freshet season before all present stench bases are washed away. This leaves only one possibe base for any more foul oders, which in this vacinity which is the pig pen of Bertonazi on school street. This to the best of our knowledge has not bothered the inhabitants of this section since early spring.

Parkerville Read Dump It was reported the a State Health official had recently looked over the present town dump on Parkerville Rd. and his only comment was that he would like to see the town keep the top pushed over the bank and leveled off more often. It was of the opinion of one member of the board that the town by-laws gave this board the right to do whatever was necessary to keep a spot of this sort in an orderly manner if it was not being done properly by an other department.

Dump Agreement Dr Folsom called Selectman Spurr on the phone to see what colud be done about getting the long promiced agreement between the town and the Deerfoot Farms Co. for the use of the Parkerville Road dump, signed He learned that the majority of the boar were willing and would sign said agreement and send a copy to this board for approval shortly. We agreed to appoint Dr. Folsomá a committee of

Dump agreement cont.

to approve said agrement providing same was found to be alright and pass on to the proper authorities.

Vareious State Phamplets Copies from the state of various Milk Control Board ruling's were handed in and were given given to Mr. Telfer to keep with the Milk Licences permits etc. which are now in his possesion. also a copy of Suggestions for the guidance of Boards fo Health in preparing regulations, Abatement of Nuisances, The Control of Nuisances, School Hygiene Laws, Laws and Regulations relating to the Pasteurization of Milk, amended regulations concernin the use of the common drinking cup & the common towel were given the clerk for fileing.

By-Laws

Dr Folsom agreed to get in tuch with Mrs. Burke the Town council to get from her the copy she has of the accepted Board of Health by-laws in order that we might proceed with the getting of them published.

Sealey

The Sealey Block toilet question again arose and Mone member of this board was given to understand thro conversation with one of the tenants that Mr Sealey took our last letter which advised him he must provide suitable toilet facilities in the bldg. to his lawyer and said lawyer advised Mr. Sealey that seeing that this board had rulled thus there wasnt much else he could do other than put adaquet facilities in as were stipulated. To our knowledge nothing had been done about this matter as yet.

Letter File Mr. Telfer requested a File of some nature in which could be filed his Milk Lic. & Permit Data. It was agreed that the clerk would secure a large size letter file which Mr. Telfer said would surfice for the balance of the year.

Milk Inspector The question arose in regard to the appointment by this board of a Milk Inspector, said inspector would have the authority to inspect barns, take samples of Milk for inspection & etc. It was thought a good idea and it was decided to wait until the health by-laws became a published reality before makeing said appointment.

A complaint about some garbage which had been dumped in Millers dump in Fayville was made to a member of this board. Mr Telfer took action by securing some fill from the highway dept. which covered it up

It being nearly time for the Town's semi-annual rubbish
Rubbish collection, our chairman agreed to write to the selectmen
Collection in an effort to get a date set that we may inform the
town people in ample time for them to gather said rubbish

Buton B Derby clark

Oct. 20.1941

A reguler meeting was held with all members present, comeing to order at 8:15.

The semi annual Rubbish collection was held on this date with notice haveing been given to the towns people thro the Southville troop of Boy Scouts.

Deerfoot It was reported that the Deerfoot Dump agreement was read by Dr. Folsom and approved on approximately Oct ist, and passed Agreement to the selectmen for passage by them.

The Sealey block toilet question again arose and it has been found that in order to force the landlord to put in suitable Sealev toilet facilities it will be necessary to prove the condi-Block tion a newisence or to pad lock the bldg. either of which would be difficult to do.

It was reported that on Oct 17 two members of this board considered it advisable to visit the Woodland Dairy to see what could be done about cleaning up the outside of the Woodland milk bottles used in distributing milk in the Telechron Co. Dairy Mr. Horseley who was attending another meeting in this bldg. at the time this matter was reported was called in and he suggested that a Soap Powder representative be sent to Woodland Dairy to help him solve his problem.

Dr. Folsom reported that he had been unable to obtain thes boards copy of By-Laws from town Council and Mr. Telfer by-laws agreed to see if he could abtain the same.

> A letter from the Marlborough Sewage and Water commission was read, which answered our inquiree about dumping Southboro's Tank Sewage in the Marlboro system. This letter was placed on file and the clerk was instructed to write Mr. Chas. D. Parmenter of Hopkinton the only person to our knowledge collecting sewage in this town, Instructing him as to our agreement. The clerk was also instructed to answer the Marlboro W. & S. Commissions letter.

It was suggested that an article be inserted in our by-laws to the effect that only a licenced person could pump cesspools in Southboro.

It was suggested that this board ask for a larger approprieation this comeing year to cover any unexpected emergency.

Dr. Newtons bill for the administrating of treatment to Robert Nelson for a Dog Bite he received in Cordaville was signed and put thro proper channels.

# The Commonwealth of Massachusetts Department of Public Health

State House, Boston

December 1, 1941

3050

Board of Health Southboro, Mass.

#### Gentlemen:

The fiscal year for the State ends on November 30, 1941. Will you please send in to this office all bills for the State subsidy due your Department for the care of cases of tuberculosis, having a legal settlement in your town, which have been hospitalized in the various county and municipal sanatoria. All bills should date from December 1, 1940 and run to November 30, 1941.

If the patients, or their kindred bound by law, have made any payments on account to your Department, please indicate on your bill the amount so paid. Also please arrange the account in alphabetical order. This will facilitate checking in this office.

Bills must be received by December 15, 1941. Please address your letters to "Department of Public Health, Division of Tuberculosis, Room 546 State House, Boston, Mass."

Very truly yours,

Division of Tuberculosis

medical the parties of the property of the 25.21

A reguler meeting of this board was held in the Acessors room of the town house with all members present.

Minuetts of the last meeting were read and accepted.

Mr. Telfer brought fourth the thought that we had ought to insert an article in the town warrant for the annual town meeting to the effect that our anual salery be raised from the present \$25. tp \$50.. No action was taken.

A letter from the advisory board was read stateing the result of vour asked for budget, which was to the following effect:

Rabies treatment Asked \$100. granted \$50. City and Town reimbursment " 190. .00
Dyptheria Clinic 30. .00
Transportation 45.

It was also suggested by the advisory board that we charge Mr. Parmenter of Hopkinton a fee of \$15. for a licence to pick up sewage, which in turn would ofset the asked for \$15 approprieation. This it was further suggested he could pass on to his customers. Voted to issue the above mentioned licence or permit upon receipt of \$15. It is however necessary to wait until Mr. Telfer (who expects to be in Boston shortly) to go to Hobbs & Warren, printers of Lic. & etc. to purchase a licence blank suitable for this purpose. It was found that we have a passage in our by-laws covering the legality of this item.

It was suggested by the clerk that our long proposed set of Health regulations be arranged and gone over in order that they may be printed in conjunction with the annual town report. The idea was brought fourth that a seperate book-like folder should be printed and placed in back of the townereport so that when the regular town report was dispossed of the Health regulations could be taken out and retained. Dr. Folsum called chairman Spurr of the Selectmen to see if he thought the regulations could be printed as suggested and was told that he could see no reason why this could not be done as long as the total cost of printing was not jumped. Dr. Folsum volunteered to see the printer and to also find out the cost to this board of printing approximately 25 extra copies for our reserve stock.

The clerk got in touch with Mr. S. W. Johnson and found that he was not paid his annual fee of \$10. which is his salery for being the inspector of slaughtering. A bill was made out, signed by us to follow the proper chanels for payment.

It was brought fourth that delivery slips are to be needed to be used in conjunction with Parmenters sewage pick ups. No action was taken at this time.

It being time for our annual report to be drawn up for submission to the selectmen, the balance of the evening was devoted to this matter and is as follows:

THE HONERABLE BOARD OF SELECTMEN

The Board of Health hereby makes the following report for the year 1941

This board has drawn up and adopeted a set of Hella regulations as orthorized by state law, a copy of which will be found else where in this report.

Thro us an agreement has been reached between the selectmen and Deerfoot Farms Co. dor the use of the dump located on Parkerville Rd. as a Town Dump. This will remove the necessity for useing the old dump in the center of town.

Deerfoot Farms Co. have closed the dump that they formerly used off Newton St. St. Marks school have constructed a new sewage disposal system during the past year which is in accordance with state board of health and Metropolitan distric commission's regulations.

The spring and fall rubbish clean up was carried on this past year as usual and, it is planned to continue doing so during the comeing year.

Ther were a number of private water supplies from which samples were taken for examination by thetstate board of health and owners informed of their condition.

A pre-school Clinic sponcered by the Southboro womans club and a tuberculosis clinic were carried on as usual this year, a report of which will be found under the school nurse Mrs. Bakers report.

One case od Dog Bite was given Anti Hoxineutregtment durejngrthe year.

The number of people Ill with contagious deseases reported during the year is as follows:

A Car To ab I ATTOMO.	
Dog Bites	4
Chicken Pox	22
Measles	85
Mumps	5
Lobar Pneumonia	1
Scarlet fever	1
Whooping Cough	3
German measels	7
Disentary	1

The list of licences and permits granted is as follows:

Store licences and permits to	
sell milk and cream	6
Milk Dealers Licences	13
Milk Producers Licences	13
Licences to Pasteurize Milk	3
Licences to pick up bones and	
fats	1
Licences to sell Methyl	
anti freeze	5
Licence to sell Oleomargarene	1

## Respectfully yours

Hugh F. Folsom M.D. Chairman Burton B. Derby clerk James F. Telfer agent

One more item was brought out before our closeing which is to the effect that the newly installed toilet in the lower part of the town hall is without adaquet ventilation also that the drinking facilities in the hall are not adaquet and that either sanitary drinking cups or bublers should be installed according to state law. Voted that the clerk write the selectmen about the matter.
